

## Redmine - Defect #29055

### Searching for issue number with REST API redirects to issue HTML page

2018-06-19 14:00 - Igor Antonov

|   |                    |                          |           |
|---|--------------------|--------------------------|-----------|
| <b>Status:</b>  | Closed             | <b>Start date:</b>       |           |
| <b>Priority:</b>  | Normal             | <b>Due date:</b>         |           |
| <b>Assignee:</b>  | Jean-Philippe Lang | <b>% Done:</b>           | 0%        |
| <b>Category:</b>  | REST API           | <b>Estimated time:</b>   | 0.00 hour |
| <b>Target version:</b>  | 3.4.10             | <b>Affected version:</b> | 3.3.0     |
| <b>Resolution:</b>  | Fixed              |                          |           |
| <b>Description</b>  |                    |                          |           |
| Search REST API queries matching issue number (with or without "#") are being redirected to HTML issue page if the issue exists. The redirect is caused by quick jump to issue at <a href="source:/tags/3.3.0/app/controllers/search_controller.rb#L40">source:/tags/3.3.0/app/controllers/search_controller.rb#L40</a> . |                    |                          |           |
| Quick jump is useful for search field in the UI but REST API response with redirect to an HTML page is... unexpected. I suggest leaving quick jump for HTML response and actually searching for issue number-like text for REST API.  |                    |                          |           |

#### Associated revisions

##### Revision 17949 - 2019-03-15 08:28 - Jean-Philippe Lang

Searching for issue number with REST API redirects to issue HTML page (#29055).

Patch by Go MAEDA.

##### Revision 17950 - 2019-03-15 08:29 - Jean-Philippe Lang

Merged r17949 to 4.0-stable (#29055).

##### Revision 17951 - 2019-03-15 08:30 - Jean-Philippe Lang

Merged r17949 to 3.4-stable (#29055).

#### History

##### #1 - 2019-03-02 07:37 - Go MAEDA

- File *fix-29055.patch* added

- Target version set to *Candidate for next minor release*

Probably the redirecting is nouse for API clients. Here is a patch to fix it.

##### #2 - 2019-03-03 02:05 - Go MAEDA

- Target version changed from *Candidate for next minor release* to *3.4.10*

Setting the target version to 3.4.10.

##### #3 - 2019-03-15 08:30 - Jean-Philippe Lang

- Status changed from *New* to *Closed*

- Assignee set to *Jean-Philippe Lang*

- Resolution set to *Fixed*

Fix committed, thanks. Test moved to the API tests.
