Only project name can be shown.
What I asked, is the possibility to show also custom fields. As said, at the moment the custom fields can be used as query filter, but not as query output columns.

- Is duplicate of Feature #18006: Project's custom fields should be available in issue lists columns added

#3 - 2018-06-26 18:02 - Go MAEDA

- Status changed from New to Closed

- Priority changed from High to Normal

- Resolution set to Duplicate

Thank you for suggesting this feature but I am closing this issue because I found a very similar issue #18006.

Please don't create duplicate issues on purpose. It does not help to speed up the development at all. Instead, it may disturb the development by taking away contributors' time.
