<b>Description</b>			
<p>I think it would be better to show "Latest news" box above "Members" box.</p> <p>Currently, "Latest news" box is displayed under the Members page. I think we can resolve the following problems by swapping positions.</p> <ul style="list-style-type: none"><li>- "Members" box may become longer if the project has dozens of members. As a result, members cannot see "Latest news" box without scrolling</li><li>- The frequency of updates and importance of information is higher in "Latest news" box than in "Members box".</li></ul> <p>Therefore, I suggest switching positions of those boxes.</p> <p><b>Before:</b> news-box-position-before.png</p> <p><b>After:</b> news-box-position-after.png</p>

I'm in favor for this patch as it shows me more relevant information right on top of the page.
