Redmine - Defect #29681

"x%x%" is rendered as "&" in Textile formatter

2018-09-27 03:17 - Go MAEDA

Status:	New		**Start date:**	
Priority:	Normal		**Due date:**

Category:	Text formatting		**Estimated time:**	0.00 hour
Target version:				
Resolution:			**Affected version:**	

Description

The character sequence described in the subject is always rendered as "&" in Textile formatter. You can easily reproduce this issue by entering the sequence in a description field of an issue.

You see '=> "&"' in the second line of the following text. Actually, it is 'x % x %' (I cannot spell it without spaces due to the bug).

```
2.3.3 :001 > ['x', '%', 'x', '%'].join
 => "&"
```

History

#1 - 2018-09-27 05:09 - Go MAEDA

This is because RedCloth temporarily replaces "&" with "x % x %" (actually, there are no space characters) while converting Textile to HTML.
