

Redmine - Patch #29710

Remove unused variable 'filter_options' from Query#add_filter

2018-10-02 02:28 - Yuichi HARADA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Code cleanup/refactoring	Estimated time:	0.00 hour
Target version:	4.0.0		
Description			
<p>The variable was changed in r86 along with the instance method Query#add_filter. However, filter_options is unused. (In r86, most of the filter_options's processing was comment out.)</p> <p>I would like to change it as follows.</p> <pre>diff --git a/app/models/query.rb b/app/models/query.rb index fa5c926ba..2c0f90161 100644 --- a/app/models/query.rb +++ b/app/models/query.rb @@ -613,7 +613,6 @@ class Query < ActiveRecord::Base return unless values.nil? values.is_a?(Array) # check if field is defined as an available filter if available_filters.has_key? field - filter_options = available_filters[field] filters[field] = {:operator => operator, :values => (values [''])} end end</pre>
