

Redmine - Feature #3031

context menu won't allow Assigned_To change cross projects

2009-03-23 17:03 - Robert Chady

Status:	New	Start date:	2009-03-23

Target version:			
Resolution:			
Description			
<p>If you select a bunch of tasks and pull up the context menu, if the issues include more than one project you can not change the Assigned To. This is a real issue when, for example, a user is retasked that has issues scattered across multiple projects.</p> <p>Could this be changed so the Assigned To is allowed to be changed?</p>
