

Redmine - Defect #30431

Useless "Delete issues" tracker permission is shown on the role page for Anonymous and Non-member

2019-01-15 07:09 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Permissions and roles	Estimated time:	0.00 hour
Target version:	4.1.0	Affected version:	
Resolution:	Fixed		
Description			
<p>Since you cannot grant a "Delete issues" permission for Anonymous and Non-member roles, "Delete issues" column in the tracker permission table on the role page is useless. The column should be hidden like default "Reporter" role.</p> <p>delete-issues-tracker-permission@2x.png</p>

Revision 18508 - 2019-09-24 06:18 - Go MAEDA

Don't show unsettable permissions in the tracker permissions table (#30431).

Patch by Yuichi HARADA.

History

#1 - 2019-04-26 07:22 - Yuichi HARADA

- File 30431.patch added

It was displayed "Delete issues" column in the tracker permission table on the role page because it was not confirmed the settable permissions of the role.

I attached a patch.

#2 - 2019-04-26 09:01 - Go MAEDA

- Target version set to Candidate for next minor release

#3 - 2019-09-22 07:33 - Go MAEDA

- File 30431-v2.patch added

- Target version changed from Candidate for next minor release to 4.1.0

LGTM but I propose a slight change as follows. Using & operator is simpler and much faster than using delete_if.

```
<% permissions = [:view_issues, :add_issues, :edit_issues, :add_issue_notes, :delete_issues] & settable_permissions.collect(&:name) %>
```

Setting the target version to 4.1.0.

#4 - 2019-09-24 06:19 - Go MAEDA

- Status changed from New to Closed
- Assignee set to Go MAEDA
- Resolution set to Fixed

Committed the patch. Thank you for fixing this issue.
