Description An option to copy a project's structure when creating a new project will be very useful when working with large scale teams. This I would want to copy: Project settings Members Issue Categories I will try my hand at modifying redMine and make a patch for this but wanted to raise it in the tracker.

Patch 9685 should resolve this

#2 - 2013-10-27 20:00 - Overand Pseudonymous

It looks like this is more or less handled by Feature [#1125](#) - though the UI is via the "Administration - Projects" panel, not the "New Project" panel. (I'd love to see UI for 'templates,' but I think this works fine).
