| <p>All of my tickets which do not have the status "New" do not show the "priority field" in the edit mode.</p> <p>Why is this so?</p> <p>When I created the issue the priority was urgent. After working a bit on this task the priority of this very task is now only high while other tasks need to be re-prioritized as well.</p> <p>I added two Screenshots, showing one ticket where the priority is editable (status new) and another ticket where the priority is NOT editable (status in Bearbeitung).</p> <p>Here is my environment:</p> <p>Environment:</p> <p>Redmine version 4.0.2.stable</p> <p>Ruby version 2.3.3-p222 (2016-11-21) [x86_64-linux-gnu]</p> <p>Rails version 5.2.2</p> <p>Environment production</p> <p>Database adapter Mysql2</p> <p>Mailer queue ActiveJob::QueueAdapters::AsyncAdapter</p> <p>Mailer delivery smtp</p> <p>SCM:</p> <p>Filesystem</p> <p>Redmine plugins:</p> <p>no plugin installed</p> |        |                          |           |
