

Redmine - Feature #31444

Add "<< me >>" option to user format issue custom fields

2019-05-24 12:37 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Custom fields	Estimated time:	0.00 hour
Target version:	4.1.0		
Resolution:	Fixed		
Description			
Currently, user format custom fields list member of the project, but "<< me >>" option which you can see in the Assignee field is not included in the list.			
I think custom fields should have "<< me >>" option like the Assignee field for better usability and UI consistency.

The test fails randomly.

```
Failure:

It can be fixed with the following patch.

```
