

## Redmine - Defect #3145

### Upload of bigger files fails iff version is defined

2009-04-09 12:52 - Carsten Schurig

<b>Status:</b> Closed	<b>Start date:</b> 2009-04-09
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b> 0.8.4	<b>Affected version:</b>
<b>Resolution:</b> Fixed	

**Description**

Upload of a bigger file (12 MB) fails, iff a version is defined in the project

- smaller files seem to work always
- bigger files work **only**, iff no version is defined in the project
- if a version is defined, a segfault in app/models/attachment.rb happens, no matter if it is assigned to a version or not
- after deleting **all** the versions of the project, the upload of a big file is again possible without any problems

**error.log** of apache when the upload fails:

```
/redmine/app/models/attachment.rb:92: [BUG] Segmentation fault
ruby 1.8.6 (2008-08-08) [i686-linux]

[Thu Apr 09 12:48:58 2009] [error] [client 10.200.0.112] Premature end of script headers: new, referer: https://host/projects/test/files/new
[ pid=12346 file=Hooks.cpp:510 time=2009-04-09 12:48:58.111 ]:
  Backend process 12785 did not return a valid HTTP response. It returned no data.
```

System configuration:

- Apache 2.2.9 on Ubuntu
- ruby 1.8.6 (2008-08-08 patchlevel 286) [i686-linux] (Ruby Enterprise Edition 1.8.6-20090201)
- Phusion Passenger (mod\_rails) 2.1.3

### History

#### #1 - 2009-04-10 18:34 - Jean-Philippe Lang

First, you can have a look at [#2933](#).  
And [r2670](#) fixes a memory consumption problem on file upload. Can you give a try?

#### #2 - 2009-04-14 09:51 - Carsten Schurig

- Status changed from New to Resolved

Jean-Philippe Lang wrote:

First, you can have a look at [#2933](#).

I've seen it but the problem looked quite different because it worked always without a version defined. Further the error was always the same...

And [r2670](#) fixes a memory consumption problem on file upload. Can you give a try?

[r2670](#) seems to fix it by now as far as I have tested it. I tested it with the file I had originally problems with and additionally with a 50MB file. It did work with a version defined and without a version defined.

Thanks a lot.

**#3 - 2009-04-19 10:53 - Jean-Philippe Lang**

- *Target version set to 0.8.4*

- *Resolution set to Fixed*

Thanks for your feedback.

**#4 - 2009-04-24 18:06 - Jean-Philippe Lang**

- *Status changed from Resolved to Closed*

Merged in 0.8-stable in [r2681](#).
