

Redmine - Defect #31466

Error assigning a task to a user whose role does not allow it

2019-05-28 14:01 - Miguel Rodriguez Hernando

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues permissions	Estimated time:	0.00 hour
Target version:		Affected version:	3.3.1
Resolution:	Duplicate		
Description Hi, We have found an error in the roles of the users. we have a user called for example <code>"user1"</code> with a <code>"reporter"</code> role but in this role the option <code>"Issues can be assigned to this role"</code> is disabled. It happens that another user with a <code>"developer"</code> role or any other user that can assign tasks to another user, allows you to assign it to "user1" when it should not be possible because the latter belongs to the role of "reporter". This is our environment: Redmine version 3.3.1.stable Ruby version 2.3.3-p222 (2016-11-21) [x86_64-linux-gnu] Rails version 4.2.7.1 Environment production Database adapter MySQL2 SCM: Git 2.11.0 Filesystem Redmine plugins: no plugin installed Best regards

History

#1 - 2019-06-20 13:18 - Go MAEDA

- Status changed from New to Closed
- Resolution set to Duplicate

The author of an issue can always be set as an assignee. This is an intended behavior implemented in [r4240](#).

Closing as a duplicate of [#30771](#).

#2 - 2019-06-20 13:19 - Go MAEDA

- Is duplicate of Defect #30771: Author of issue is listed at assignee drop box added

#3 - 2019-12-08 06:58 - Go MAEDA

- Has duplicate Defect #31595: Error allowing assigning a task to a user when his role does not allow it added
