

Redmine - Defect #31466

Error assigning a task to a user whose role does not allow it

2019-05-28 14:01 - Miguel Rodriguez Hernando

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Issues permissions	Estimated time: 0.00 hour
Target version:	Affected version: 3.3.1
Resolution: Duplicate	
Description	
<p>Hi,</p> <p>We have found an error in the roles of the users.</p> <p>we have a user called for example <code>"*user1"</code> with a <code>"*reporter"</code> role but in this role the option <code>"*Issues can be assigned to this role"</code> is disabled.</p> <p>It happens that another user with a <code>"*developer"</code> role or any other user that can assign tasks to another user, allows you to assign it to <code>"user1"</code> when it should not be possible because the latter belongs to the role of <code>"reporter"</code>.</p> <p>This is our environment:</p> <p>Redmine version 3.3.1.stable Ruby version 2.3.3-p222 (2016-11-21) [x86_64-linux-gnu] Rails version 4.2.7.1 Environment production Database adapter Mysql2 SCM: Git 2.11.0 Filesystem Redmine plugins: no plugin installed</p> <p>Best regards</p>

History

#1 - 2019-06-20 13:18 - Go MAEDA

- Status changed from New to Closed
- Resolution set to Duplicate

The author of an issue can always be set as an assignee. This is an intended behavior implemented in r4240.

Closing as a duplicate of #30771.
