Redmine - Defect #31552

View switches from gantt to list after editing an issue

2019-06-11 11:53 - Bernhard Rohloff

Status:ClosedStart date:Priority:NormalDue date:

Assignee: Go MAEDA % Done: 0%

Category: Gantt Estimated time: 0.00 hour

Target version: 4.0.5

Resolution: Fixed Affected version:

Description

The view is only affected if a custom filter is applied. If there's no filter applied the view works as expected.

Steps to reproduce

- 1. Open the gantt view.
- 2. Modify and apply the filter.
- 3. Edit an issue with the right click menu

Result

The view switches to the issues list view

Expected result

The view stays on the gantt view

- Status changed from New to Confirmed

#2 - 2019-06-27 08:35 - Mizuki ISHIKAWA

I have confirmed that the changes below fix this problem.

2025-07-07 1/2

However, I am concerned that this change will cause other problems.

ApplicationController#validate_back_url is a method that includes security changes(#19577), so it needs to be corrected carefully.

#3 - 2019-06-27 09:13 - Mizuki ISHIKAWA

- File add-back-url-parameter.patch added

I think that the patch attached is better than the correction method suggested in #31552#note-2.

The issues/_list also make the back_url parameter in the same way.

The same problem occurred with the calendar, so we fix it together.

#4 - 2019-06-29 07:23 - Go MAEDA

- Target version set to 4.0.5

source:tags/4.0.4/app/views/issues/_list.html.erb#L5 and source:tags/4.0.4/app/views/timelog/_list.html.erb#L2.

Setting the target version to 4.0.5.

#5 - 2019-06-29 07:29 - Go MAEDA

- Status changed from Confirmed to Resolved
