

Redmine - Defect #3171

Subject of notification emails has wrong status

2009-04-14 20:06 - Nikola Stojiljkovic

Status:	Closed	Start date:	2009-04-14
Priority:	Normal	Due date:	
Assignee:	Eric Davis	% Done:	0%
Category:	Email notifications	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description			
<p>We have upgraded to the latest SVN trunk revision (r2670).</p> <p>After changing the status of an issue, the email notification is as usual sent to all designated recipients. However, unlike before, when the new status was written in brackets, now the old one is displayed. So, the email has inconsistent subject and body. AFAIK, no exception or error is thrown anywhere.</p> <p>Versions:</p> <ul style="list-style-type: none">• ruby (enterprise) 1.8.6• rails 2.2.2• svn 1.4.2• mysql 5.1.30 <p>Plugins installed:</p> <ul style="list-style-type: none">• question_plugin• stuff_to_do_plugin• timesheet_plugin• google_calendar• google_analytics_plugin			

History

#1 - 2009-04-15 20:39 - Nikola Stojiljkovic

- Assignee set to Eric Davis

One more information: reverting to [r2636](#) fixed the issue. It might be that the refactoring in [r2637](#) caused this issue.

#2 - 2009-04-19 10:51 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed

Indeed. This is fixed in [r2673](#)
