

Redmine - Defect #31936

Cannot download issue-attachments that contains one or more "+" (Plus Sign) characters

2019-08-22 14:16 - Rahul Patil

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Attachments	Estimated time:	0.00 hour
Target version:		Affected version:	4.0.4
Resolution:			
Description			
<p>To recreate it - just create an Issue, create a text file with any name containing "+" (plus sign) e.g. "Test+File.txt" and attach that file to the issue and submit.</p> <p>After that open that issue, and try to download that file. It will show "404 - File or directory not found." error.</p> <p>Then edit the attachments - rename the file to "Test_File.txt", and then try downloading it - it will get downloaded without any issues.</p>			

History

#1 - 2019-08-22 14:27 - Rahul Patil

- File Test+File.txt added

#2 - 2019-08-22 14:41 - Rahul Patil
