Description

Do not delete parent issues that have child issues please

--jp--
[Placeholder for image content]

History

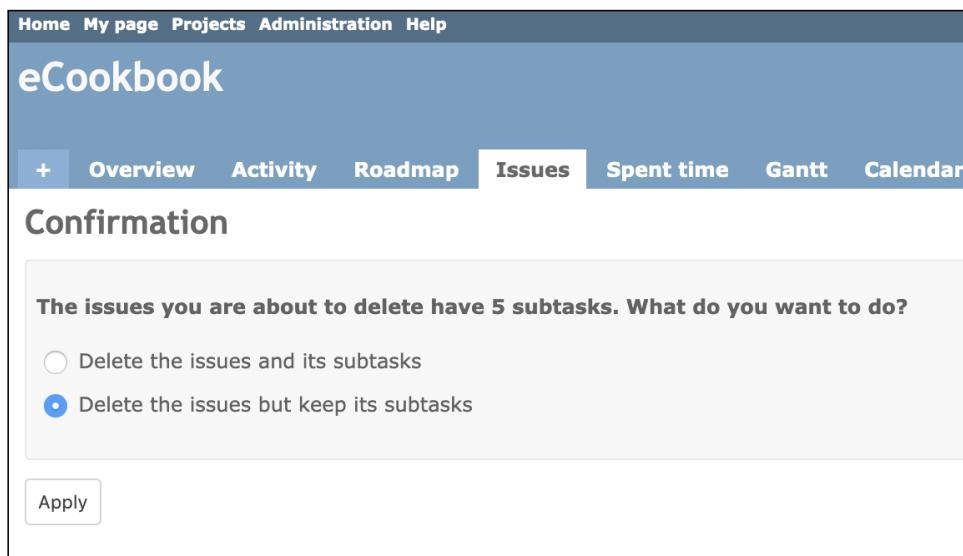

#1 - 2019-09-11 11:24 - Go MAEDA

- File parent-issue-deletion-confirmation@2x.png added

- Category set to Issues

+1

How about showing a confirmation dialog like the following instead of disallowing to delete a parent issue? In the current versions, a similar dialog is shown when deleting an issue which has spent time logs.

#2 - 2019-09-11 13:00 - Bernhard Rohloff

+1

Sounds like a great idea and prevents the user from unforeseen side effects.

#3 - 2019-09-12 09:39 - Hirofumi Kadoya

Go Maeda,good!

I would like to request the same way
