

## Redmine - Feature #322

### add attachments to wiki pages

2007-04-13 06:18 - Pavol Murin

<b>Status:</b>	Closed	<b>Start date:</b>

<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b>			
If documents should be removed and the wiki used instead, it would be very helpful to allow attachments for wiki pages.			
Even better - I would really, really like to be able to use image attachments directly in the wiki page. Currently it is necessary to download them			

#### History

##### #1 - 2007-04-14 05:58 - Pavol Murin

I created a patch to show images in documents and issues

- <http://>

[rubyforge.org/tracker/index.php?](http://rubyforge.org/tracker/index.php?func=detail&aid=10102&group_id=1850&atid=7162)

[func=detail&aid=10102&group\\_id=1850&atid=7162](http://rubyforge.org/tracker/index.php?func=detail&aid=10102&group_id=1850&atid=7162)

That patch can be extended to support images in wiki as well

- after

attachments are added to wiki.

##### #2 - 2007-05-26 11:48 - Jean-Philippe Lang

Patch integrated.

Thanks.
