<b>Category:</b>	Code cleanup/refactoring	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	4.1.0		

#### Description

This "hm:t:issue\_custom\_values" association has been defined since the "Initial commit" at 6b7650e2f03156ea1e3985b30c1995e44c317e3d, but actually neither an association named :issue\_custom\_values nor a model named IssueCustomValue have appeared in the history.

And so referencing this association of course causes an ActiveRecord error:

```
$ bundle e rails r 'IssueCustomField.new.issues'
Traceback (most recent call last):

:issue_custom_values in model IssueCustomField (ActiveRecord::HasManyThroughAssociationNotFoundError)
```

The attached patch just removes this dead association.

#### Associated revisions

##### Revision 19061 - 2019-11-10 08:54 - Jean-Philippe Lang

Removed invalid association IssueCustomField#issue\_custom\_values (#32431).

Patch by Akira Matsuda.

##### Revision 19062 - 2019-11-10 08:55 - Jean-Philippe Lang

Merged r19061 to 4.1-stable (#32431).

## History

---

### #1 - 2019-11-09 07:13 - Go MAEDA

- Description updated

### #2 - 2019-11-09 07:25 - Go MAEDA

- Target version set to 4.1.0
