- Status changed from New to Confirmed

- Target version set to Candidate for next major release

Confirmed. Error logs like the following are recorded for each web access by Chrome with the DevTools opened.

We can fix the error by one of the following means:

- Remove '//# sourceMappingURL=tribute.min.js.map' from public/javascripts/tribute-3.7.3.min.js
- Add *real* tribute.min.js.map
- Add *empty* tribute.min.js.map

### #3 - 2019-11-13 15:46 - Marius BĂLTEANU

I'm in favour of adding tribute.min.js.map.

- File 0001-Add-tribute.min.js.map-in-order-to-avoid-errors-while.patch added

I confirmed that exceptions do not occur after applying the patch attached with [#32450#note-4](#).  
The patch looks good.

[Marius Ionescu](#) BALTEANU What do you think about [0001-Add-tribute.min.js.map-in-order-to-avoid-errors-while.patch](#)?

Looks good to me as well.

### #8 - 2019-11-21 02:21 - Go MAEDA

Mizuki and Marius, thank you for reviewing the patch. I am setting the target version to 4.2.0.

### #9 - 2019-11-24 04:45 - Go MAEDA

- Category changed from UI to Code cleanup/refactoring

- Status changed from Confirmed to Closed

- Assignee set to Go MAEDA

- Resolution set to Fixed

Committed the patch. Thank you for reporting this issue.

**#10 - 2019-12-03 09:36 - Mischa The Evil**

- Status changed from Closed to Reopened

This seems eligible to merge into 4.1-stable too IMHO (considering the inclusion of [#31989](#) for [4.1.0](#)). If so, then this issue doesn't have to be included on the changelog either too (thus the target version of this issue could then be cleared also...)

**#11 - 2019-12-03 09:57 - Go MAEDA**

I thought that the change does not have to be merged to 4.1-stable because the issue only affects developers and they usually use the trunk. But I don't object to merging into 4.1-stable.

I'm in favour of merging this to 4.1.0.

**#13 - 2019-12-03 10:17 - Go MAEDA**

- Status changed from Reopened to Closed

- Target version deleted (4.2.0)

Merged to 4.1-stable. And clearing the target version because the fix is considered as a part of [#31989](#).
