## History

### #1 - 2020-06-01 12:07 - Go MAEDA

I am not sure why nil is passed to , but I think the following patch should fix the problem.

```
diff --git a/app/models/enumeration.rb b/app/models/enumeration.rb
index 4710fde81..a8ca08726 100644
--- a/app/models/enumeration.rb
+++ b/app/models/enumeration.rb
@@ -90,6 +90,7 @@ class Enumeration < ActiveRecord::Base
  end

  def <=>(enumeration)
+  return -1 if enumeration.nil?
  position <=> enumeration.position
  end
```

**#2 - 2020-06-01 14:46 - Go MAEDA**

- Related to Defect #10053: undefined method `<=>' for nil:NilClass when accessing the settings of a project added
