Target version:			

Description

IssuesControllerTest has failed.

```
$ RAILS_ENV=test bundle exec rake db:migrate:reset

$ RAILS_ENV=test bundle exec rake test TEST=test/functional/issues_controller_test.rb
Run options: --seed 65312

# Running:

....................................................................................................
........................................................F

Failure:
IssuesControllerTest#test_post_create_with_watchers [test/functional/issues_controller_test.rb:404
2]:
Expected: 3
  Actual: 2

bin/rails test test/functional/issues_controller_test.rb:4012

............................................................................................S......
..................................................S.................................................
...S......................................

Finished in 42.744736s, 9.3813 runs/s, 42.3210 assertions/s.
401 runs, 1809 assertions, 1 failures, 0 errors, 3 skips

You have skipped tests. Run with --verbose for details.
```

I think that because the fixture not enough.

```
