

## Redmine - Defect #33113

### Default version and assignee are not exposed via projects API

2020-03-09 12:41 - Rasmus Eneman

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Go MAEDA	<b>% Done:</b>	0%
<b>Category:</b>	REST API	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	4.0.7	<b>Affected version:</b>	
<b>Resolution:</b>	Fixed		
<b>Description</b>			
I would like either a field on project or a field the specific version but now there is no way of knowing which version id set as default on a project			
<b>Related issues:</b>

Related to Redmine - Feature # 482: Default assignee on each project		<b>Closed</b>	

#### Associated revisions

##### Revision 19581 - 2020-03-17 09:59 - Go MAEDA

Show default assignee and default version in projects API (#33113).

Patch by Marius BALTEANU.

##### Revision 19584 - 2020-03-19 09:55 - Go MAEDA

Merged r19581 from trunk to 4.1-stable (#33113).

##### Revision 19585 - 2020-03-19 09:56 - Go MAEDA

Merged r19581 from trunk to 4.0-stable (#33113).

#### History

##### #1 - 2020-03-09 13:47 - Go MAEDA

- Subject changed from *Default Version is not exposed via the API* to *Default version and assignee are not exposed via projects API*
- Status changed from *New* to *Confirmed*

I think the default assignee should be in the API response as well.

##### #2 - 2020-03-09 13:51 - Go MAEDA

- Related to Feature #1828: *Default target version for new issues added*

##### #3 - 2020-03-09 13:52 - Go MAEDA

- Related to Feature #482: *Default assignee on each project added*

##### #4 - 2020-03-10 22:24 - Marius BALTEANU

The following JSON response is enough (keys default\_version and default\_assignee)?

```
{
  "project": {
    "id": 1,
    "name": "eCookbook",
    "identifier": "ecookbook",
    "description": "Recipes management application",
    "homepage": "http://ecookbook.somenet.foo/",
    "status": 1,
    "is_public": true,
    "inherit_members": false,
    "default_version": {
      "id": 3,
      "name": "2.0"
    },
    "default_assignee": {
      "id": 3,
      "name": "Dave Lopper"
    },
    "custom_fields": [
      {
        "id": 3,
        "name": "Development status",
        "value": "Stable"
      }
    ],
    "created_on": "2006-07-19T17:13:59Z",
    "updated_on": "2020-03-10T21:23:11Z"
  }
}
```

#### #5 - 2020-03-11 10:18 - Rasmus Eneman

That would be perfect for my use case

#### #6 - 2020-03-14 17:26 - Marius BALTEANU

- File 0001-Show-default-assignee-and-default-version-in-projects.patch added
- Target version set to 4.0.7

Here is the patch, I think we can deliver this fix in a minor release. If not, please move it to version:"4.2.0".

Test results [here](#).

#### #7 - 2020-03-15 05:15 - Go MAEDA

I agree. The two attributes should have been added in Redmine 3.2 or 3.4. And adding attributes does not break existing API clients if those are properly implemented.

**#8 - 2020-03-17 09:59 - Go MAEDA**

- Status changed from Confirmed to Closed
- Assignee set to Go MAEDA
- Resolution set to Fixed

Committed the patch. Thank you.
