Redmine - Defect #33113

Default version and assignee are not exposed via projects API

2020-03-09 12:41 - Anonymous

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:	Go MAEDA	**% Done:**	0%
Category:	REST API	**Estimated time:**	0.00 hour
Target version:	4.0.7		
Resolution:	Fixed	**Affected version:**	

Description
I would like either a field on project or a field the specific version but now there is no way of knowing which version id set as default on a project

Associated revisions

Revision 19581 - 2020-03-17 09:59 - Go MAEDA

Show default assignee and default version in projects API (#33113).

Patch by Marius BALTEANU.

Revision 19584 - 2020-03-19 09:55 - Go MAEDA

Merged r19581 from trunk to 4.1-stable (#33113).

Revision 19585 - 2020-03-19 09:56 - Go MAEDA

Merged r19581 from trunk to 4.0-stable (#33113).

History

#1 - 2020-03-09 13:47 - Go MAEDA

- Subject changed from Default Version is not exposed via the API to Default version and assignee are not exposed via projects API

- Status changed from New to Confirmed

I think the default assignee should be in the API response as well.

#2 - 2020-03-09 13:51 - Go MAEDA

- Related to Feature #1828: Default target version for new issues added

#3 - 2020-03-09 13:52 - Go MAEDA

- Related to Feature #482: Default assignee on each project added

#4 - 2020-03-10 22:24 - Marius BĂLTEANU

The following JSON response is enough (keys default_version and default_assignee)?

```
{
  "project": {
    "id": 1,
    "name": "eCookbook",
    "identifier": "ecookbook",
    "description": "Recipes management application",
    "homepage": "http://ecookbook.somenet.foo/",
    "status": 1,
    "is_public": true,
    "inherit_members": false,
    "default_version": {
      "id": 3,
```

```
      "name": "2.0"
    },
    "default_assignee": {
      "id": 3,
      "name": "Dave Lopper"
    },
    "custom_fields": [
      {
        "id": 3,
        "name": "Development status",
        "value": "Stable"
      }
    ],
    "created_on": "2006-07-19T17:13:59Z",
    "updated_on": "2020-03-10T21:23:11Z"
  }
}
```

#5 - 2020-03-11 10:18 - Anonymous

That would be perfect for my use case

#6 - 2020-03-14 17:26 - Marius BĂLTEANU

- File 0001-Show-default-asignee-and-default-version-in-projects.patch added

- Target version set to 4.0.7

Here is the patch, I think we can deliver this fix in a minor release. If not, please move it to 4.2.0.

Test results here.

#7 - 2020-03-15 05:15 - Go MAEDA

I agree. The two attributes should have been added in Redmine 3.2 or 3.4. And adding attributes does not break existing API clients if those are properly implemented.

#8 - 2020-03-17 09:59 - Go MAEDA

- Status changed from Confirmed to Closed

- Assignee set to Go MAEDA

- Resolution set to Fixed

Committed the patch. Thank you.
