

Redmine - Defect #33576

Done ratio of a parent issue may be shown as 99% even though all subtasks are completed

2020-06-10 08:58 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	4.0.8	Affected version:	4.0.0
Resolution:	Fixed		
Description Due to a rounding error at source:tags/4.1.1/app/models/issue.rb#L1717 , a parent task may show 99% done even when all subtasks are 100% done. clipboard-202006101529-abpb8.png <pre>irb(main):001:0> 1610 / 16.1 => 99.99999999999999</pre>			
Steps to reproduce: 1. Set "% Done" setting (Administration > Settings > Issue tracking) to "Calculated from subtasks" 2. Create a parent task. 3. Create a subtask 1 with 10.0 estimated hours and 100% done ratio 4. Create a subtask 2 with 6.1 estimated hours and 100% done ratio 5. Now the done ratio of the parent task shows 99% instead of 100%
