

Redmine - Defect #33953

Repository Tab will not showing if no repository is set as "Main repository"

2020-09-03 08:21 - Jethro Yu

Status: Confirmed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: SCM	Estimated time: 0.00 hour
Target version: Candidate for next major release	Affected version: 4.1.1
Resolution:	
Description	
I suggest that: <ul style="list-style-type: none">- if there are any repositories in project, the "Repository Tab" button should show on main menu.- if no repository is set with "Main repository" and there is only one repository, the page should show the only repository by default.- if no repository is set with "Main repository" and there is multiple repositories, a blank page with Repositories sidebar should show.
