

Redmine - Defect #33975

REST API format: JSON, Update Catelogy response incorrect.

2020-09-10 11:59 - Terence Lien

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Documentation	Estimated time:	0.00 hour
Target version:		Affected version:	4.1.1
Resolution:	Fixed		

Description

As [Rest_IssueCategories](#) notes,

PUT

Updates the issue category of given id

Parameters:

Same as issue category creation

Response:

200 OK: issue category was updated

422 Unprocessable Entity: issue category was not updated due to validation failures (response body contains the error messages)

I had test this function as:

```
/redmine/issue_categories/{1}.json?id=117&key={0}
```

then body given json data

```
{"issue_category":{"name":"Test", "assigned_to_id":1}}
```

and it's update the category name and assigned_to correctly
but response Status is 204 No Content.

Thanks.

Thank you Go MAEDA.

I suggest that doc could be more detail about PUT/POST description.
I tried this function until success work that spends over 3 hours ^^|||

PUT
/issue_categories.:format/{:issue_category_id}.:format

POST
/projects/{:project_id}/issue_categories.:format

Hello Go MAEDA,

does DELETE response also changed to 204 or something??
Thanks.

#5 - 2021-09-09 15:32 - Go MAEDA

- Status changed from New to Closed
- Resolution set to Fixed

Terence Lien wrote:

does DELETE response also changed to 204 or something??

Yes. APIs that don't have a response body return 204 on success.

I have fixed the document.
