

Redmine - Defect #34056

Editing an existing timelog sets the owner to "me"

2020-09-30 13:13 - Eike Starkmann

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Time tracking	Estimated time:	0.00 hour
Target version:		Affected version:	4.1.0
Resolution:	Duplicate		

Description

When editing an existing timelog of another person, the user who created the timelog should be pre selected and not "me".

If you need to edit another persons timelog, e.g typos in the comment, it happens very fast that you accidentally assign the timelog to yourself.

History

#1 - 2020-09-30 13:28 - Marius BĂLTEANU

- Status changed from New to Closed

- Resolution set to Duplicate

Please update Redmine to 4.1.1 because this issue was fixed in [#32973](#).

#2 - 2020-09-30 16:10 - Eike Starkmann

Thanks a lot for the very quick answer, updated and it is working.
