<b>Description</b>			
MessagesControllerTest # test_post_new test fails (trunk)			
Failure: MessagesControllerTest#test_post_new [/root/project/test/functional/messages_controller_test.rb:150]: Expected: ["jsmith@somenet.foo"] Actual: ["dlopper@somenet.foo"]			
bin/rails test test/functional/messages_controller_test.rb:121			
There is no guarantee that the elements will be in the order of "first: author, second: member" in the array mails, so the test should be modified so that it does not depend on the order.

Fix random failing test introduced in r21130 (#35957, #34169).

#### History

##### #1 - 2020-10-27 09:00 - Go MAEDA

- Subject changed from MessagesControllerTest#test\_post\_new fails to MessagesControllerTest#test\_post\_new randomly fails
- Target version set to 4.2.0

Setting the target version to 4.2.0.

##### #2 - 2020-10-27 10:04 - vzu 3k6k

LGTM and thanks for fixing. This test was very flaky on PostgreSQL and caused many false positive failures.

This fix will make development much easier.

#3 - 2020-11-04 08:49 - Go MAEDA

- Status changed from New to Closed

- Assignee set to Go MAEDA

Committed the patch. Thank you.
