<b>Category:</b> Issues	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	
<b>Resolution:</b>	
<b>Description</b>	
<p>This is my first task here! Hi, everyone!</p> <p>In Assignee selector we have got Managers and Developers. When I look through the list, it concern to recall "who is who". I propose to group the selector options with the name of their Role.</p> <p>Maybe this feature is implemented in newer releases of Redmine.</p>
