

Redmine - Feature #3447

Option to display the issue descriptions on the issues list

2009-06-04 16:39 - Konstantin Zaitsev

Status:	Closed	Start date:	2009-06-04
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	2.2.0		
Resolution:	Fixed		
Description			
It would be great if redmine have possible for displaying the description information of the issue in the issues list like trac.

Associated revisions

Revision 10948 - 2012-12-06 18:48 - Jean-Philippe Lang

Adds an option for displaying the issue description on the issue list (#3447).

Revision 10952 - 2012-12-08 09:41 - Jean-Philippe Lang

Merged r10948 into 2.2-stable (#3447).

History

#1 - 2009-07-21 19:15 - VM Weseloh

+1 for requesting this feature; description should be a field you can query on and include in the issues list.

#2 - 2010-11-22 10:43 - Robert Schneider

+1

It's quite annoying if I have a meeting and want to discuss some certain issues. I have to print out each separately, by default with the whole comment history. Occasionally, I just would like to have an overview about some issues that I can print out with some clicks.

#3 - 2010-11-22 10:51 - Sebastian Seifert

+1

We would like to estimate/choose Redmine issues for our sprint planning in a group of people. A preview of the description would be great for that.

#4 - 2010-11-22 14:04 - Mischa The Evil

Such functionality is already provided by the [[Plugin_List#Show-Issue-Descriptions|Show Issue Descriptions plugin]].

#5 - 2011-04-04 15:55 - Robert Schneider

@Mischa: Why don't you add this to Redmine? I think it should be a core feature. I'm always a bit afraid about plugins, since nobody knows if they will be maintained and updated when a new Redmine version is released.

I installed the plugin and it seems as if it does not work with version#30 which just underlines Robert's comment.

On a bit of a different note:

What about just giving a **popup**¹ of the description when mousing over an issue listed in an issue query. It would not be worth much for printing purposes, but would be great when just browsing through issues.

¹ In the same way as mousing over an update's time-stamp eg. "Updated by Robert Schneider **14 days** ago" link that gives an exact date-time down to the second when keeping the mouse cursor stationary over the link "14 days" link.

#7 - 2012-12-06 18:48 - Jean-Philippe Lang

- Assignee set to Jean-Philippe Lang
- Target version set to 2.2.0
- Resolution set to Fixed

Feature added in r10948.

#8 - 2012-12-08 09:42 - Jean-Philippe Lang

- Subject changed from Description info in issues list to Option to display the issue descriptions on the issues list
- Status changed from New to Closed

Merged into 2.2-stable.
