

Redmine - Defect #34673

Author of ticket still gets update when ticket changed to private

2021-02-01 20:59 - Jessie Lee

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Email notifications	Estimated time:	0.00 hour
Target version:		Affected version:	4.1.1
Resolution:	Wont fix		
Description			
Author of ticket still gets updates on ticket even if ticket changed to private and author does not have permission to view private tickets.			
Environment:			
Redmine version	4.1.1.stable		
Ruby version	2.6.3-p62 (2019-04-16) [x86_64-linux]		
Rails version	5.2.4.2		
Environment	production		
Database adapter	Mysql2		
Mailer queue	ActiveJob::QueueAdapters::AsyncAdapter		
Mailer delivery	smtp		
SCM:			
Bazaar	2.8.0		
Git	2.20.1		
Filesystem			
GitRemote	2.20.1		
Redmine plugins:			
additional	2.0.24		
redmine_agile	1.5.4		
redmine_checklists	3.1.16		
redmine_cms	1.2.1		
redmine_contacts	4.3.2		
redmine_contacts_helpdesk	4.1.10		
redmine_git_remote	0.0.1		
redmine_local_avatars	1.0.1		
redmine_mentions	1.0.0		
redmine_messenger	1.0.6		
redmine_stealth	0.7.5		
redmine_wiki_extensions	0.9.2		

History

#1 - 2021-02-02 05:01 - Mischa The Evil

- Subject changed from author of ticket still gets update when ticket changed to private to Author of ticket still gets update when ticket changed to private
- Category changed from Issues permissions to Email notifications
- Status changed from New to Needs feedback
- Assignee set to Jessie Lee

redmine_mentions   1.0.0
redmine_messenger 1.0.6
redmine_stealth    0.7.5
redmine_wiki_extensions 0.9.2
```

Please try without plugins. This is most-likely caused by one (or more) of them being incompatible in some way. In case the issue persists I'd suggest to provide some logs that shows this behavior happening.

#2 - 2021-02-22 09:55 - Go MAEDA

According to #7414#note-12, the behavior that the author of an issue can see the issue is considered to be expected behavior.

Copied from #7414#note-12:

```
A new issue visibility level is available on roles:
- All non private issues => user will see all non private issues and private issues that were created by him or are assigned to him
```

#3 - 2021-07-17 10:11 - Go MAEDA

- Status changed from Needs feedback to Closed
- Resolution set to Wont fix

Closing this issue because it is the expected behavior as I wrote in #34673#note-2.

#4 - 2021-09-22 02:00 - Mischa The Evil

Thanks for this clarification. I was bitten by the fact that this wasn't included on [[RedmineRoles]] (which I've fixed now) and that it isn't something that is properly reflected by the property value ('All non private issues').
