

Redmine - Defect #35005

RuntimeError "Couldn't find Active Storage configuration" is raised at startup

2021-04-02 10:09 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Rails support	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		

Description

Trying to run Redmine in production mode results in the error "Couldn't find Active Storage configuration in /path/to/redmine/config/storage.yml (RuntimeError)"

```
$ bin/rails s -e production
=> Booting Puma
=> Rails 6.1.3.1 application starting in production
=> Run `bin/rails server --help` for more startup options
Exiting
Traceback (most recent call last):

Revision 20906 - 2021-04-03 03:06 - Go MAEDA

RuntimeError "Couldn't find Active Storage configuration" is raised at startup (#29914, #35005).

History

#1 - 2021-04-02 10:14 - Go MAEDA

- Target version set to 5.0.0

We can fix this by making the following change. Redmine currently does not use active_storage, so commenting out this line is no harm at all.

```
diff --git a/config/application.rb b/config/application.rb
index 89d4fc1ca..dc8d5f89d 100644
--- a/config/application.rb
+++ b/config/application.rb
