

Redmine - Patch #35026

Remove rake task check_parsing_by_psych

2021-04-04 04:50 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Code cleanup/refactoring	Estimated time:	0.00 hour
Target version:	5.0.0		
Description			
<p>This patch removes the Rake task "check_parsing_by_psych".</p> <p>In Ruby 1.8, Syck was used as a YAML library, and in Ruby 1.9, Psych was added and the two YAML libraries coexisted. Syck was later removed in Ruby 2.0, and now only Psych is available.</p> <p>The Rake task check_parsing_by_psych was added in the process of making Redmine compatible with Ruby 1.9 (#8847), to check that YAML translation files can be parsed without errors in Psych as well as Syck.</p> <p>However, Syck was removed in Ruby 2.0 and now Psych is always used to parse when running the rake task update_locales, so check_parsing_by_psych is no longer needed.</p> <p>For these reasons, I propose to remove check_parsing_by_psych.</p>
