

Redmine - Defect #35141

Irrelevant groups in "Add watchers" list

2021-04-21 16:01 - Yuriy Millen

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues permissions	Estimated time:	0.00 hour
Target version:		Affected version:	4.2.0
Resolution:			
Description			
<p>Redmine 4.2 introduced an ability to add groups to watchers list.</p> <p>The logic prior was that in the "Add watchers" list appeared only users, who have access to a particular tracker. However, this logic is ignored for groups - it is possible to add any group regardless of a whether this group was access to the tracker or not.</p>
