Category:		**Estimated time:**	0.00 hour
Target version:			
Resolution:	Invalid	**Affected version:**	

Description

Last week we upgraded Redmine from 4.0 to 4.2. During the process we installed two plugins (Automation Plugin, and Reporting Plugin from alphanodes.com)

Agile plugin is shown in the administration settings. Agile settings can be changed. However when clicking on an agile board within a project the user gets Internal Error (An error occurred on the page you were trying to access.)

Below is the log entry from production.log:

```
NoMethodError (undefined method `groupable' for #<QueryColumn:0x000000000b739bb8>):

plugins/redmine_agile/app/models/agile_query.rb:427:in `block in groupable_columns'

History

#1 - 2021-04-26 22:43 - Marius BĂLTEANU

- Description updated

- Status changed from New to Closed

- Resolution set to Invalid

It's a compatibility issue between plugin version and Redmine version, you should contact plugin author for support. Here we provide support only for Redmine core.

#2 - 2021-04-27 08:32 - Bernhard Rohloff

Just FYI. While upgrading an installation I think I was faced with the same situation.
The output looks very similar. There where some refactoring efforts in this part of Redmine and a function/method which is used by the redmine_agile plugin has been renamed.
Open app/models/agile_query.rb in the redmine_agile plugin folder. Look for the function groupable_columns and replace the function call c.groupable with c.groupable? and that's it.

Afterwards the function should look like this.

```
def groupable_columns
    available_columns.select { |c| c.groupable? && !c.is_a?(QueryCustomFieldColumn) }
end
```

I hope I could help you.

Kind regards,
Bernhard

#3 - 2022-12-13 12:33 - Dimitar (RedmineUP)   *2/2*

Dear **Christopher**,

This is Dimitar from the **RedmineUP** Support Team.

In relation to the problem that you reported on our Agile plugin, **could you please contact our support team at** <u>support@redmineup.com</u>**? And our support engineers will help you investigate the situation.**

We look forward to hearing from you.

Best Regards,
Dimitar from the RedmineUP Support Team
