Target version:				
Resolution:	Cant reproduce		**Affected version:**	

Description

I am using readmin 4.2

while create a Issue Priority It give me error.

```
[46, 55] in aa/enumerations_controller.rb
      46:   def new
      47:   end
      48:
      49:   def create
      50:     byebug
   => 51:     if request.post? && @enumeration.save
      52:       flash[:notice] = l(:notice_successful_create)
      53:       redirect_to enumerations_path
      54:     else
      55:       render :action => 'new'
    (byebug) @enumeration
                                                                             #&l
t;IssuePriority id: nil, name: "Normal", position: nil, is_default: false, type: "IssuePriority",
active: true, project_id: nil, parent_id: nil, position_name: nil&gt;
```

and then I saw the below error

```
(byebug) exception
                                                                             #&lt;Ac
tiveRecord::StatementInvalid: Mysql2::Error: You can't specify target table 'enumerations' for upd
ate in FROM clause: UPDATE `enumerations` SET position = coalesce((
          select position
          from (select id, position from enumerations) as parent
          where parent_id = parent.id), 1) WHERE `enumerations`.`type` IN ('IssuePriority') AN
D `enumerations`.`parent_id` IS NOT NULL ORDER BY `enumerations`.`position` ASC>
```

I am not able to create any enuumeration in redmine

any help

History

#1 - 2021-05-20 11:53 - Go MAEDA

Could you paste errors in production.log?

#2 - 2021-05-21 14:01 - Holger Just

- Status changed from New to Needs feedback

#3 - 2022-01-05 07:46 - Marius BĂLTEANU

- Status changed from Needs feedback to Closed

- Resolution set to Cant reproduce
