Have you checked the write permissions yet?

You can see it under Administration-> Information

#4 - 2021-07-26 12:16 - Burgess Chen

- File image.png added

An error was found after inspection, as shown in the picture

How to adjust this part

#5 - 2021-07-26 15:09 - Rishikesh Pawar1

- File Info.PNG added

Write Permissions are allowed. Please see the attached image. This is on Windows Environment.

#6 - 2021-07-26 15:10 - Rishikesh Pawar1

- File Info.PNG added

Thank you very much, the system used is the relevant version of Linux as shown in the picture
The upload function was normal last week, but I only received the response yesterday, and there will be errors when uploading.

As in the picture

The machine performance has been checked and there is no abnormality

0727:

After adjusting the folder permissions, files can be uploaded normally
Thank you all for your help

#9 - 2021-07-27 08:50 - Marius BĂLTEANU

- Status changed from New to Closed

- Resolution set to Invalid

Thanks for your feedback.
