<b>Target version:</b>			
<b>Resolution:</b>			

**Description**

I want to display the dedicated items of the plugin in Import Issue mapping.

In bottom of  
/app/views/imports/\_issues\_fields\_mapping.html.erb

```
<%= call_hook(:view_issues_fields_mapping_bottom, :import => @import) %>
```

The attached file is a patch created from V4.2.2.
