Description

Hi there,

I wrote a plugin which extends original issues' REST API feature with following:

- include spent hours in records of responses to REST API request

If this UX is built in to original Redmine, I'm happy!

Built for Redmine 4.1.

Thank you for sharing the improvement.

The same feature has already been implemented by [#34857](#) and will be available in the upcoming Redmine 5.0.0. Please stay tuned.
