Description			
<p>Hi there,</p> <p>I wrote a plugin which extends original news feature with following:</p> <ul style="list-style-type: none">- notifies a news to every active users via e-mail on-demand and with the permission to do so <p>We are using this feature to distribute such as system suspension notice .</p> <p>If this UX is built in to original Redmine, I'm happy!</p>
