<b>Target version:</b>		<b>Affected version:</b>	4.0.2
<b>Resolution:</b>			
<b>Description</b>			
<p>Hello all</p> <p>i need your immediate help please, i setup a file repository and it lists the files under my windows directory perfectly but i noticed that it always list only the english named files, i have many arabic named files that i want them to be listed by the repo in my widows folder i have 3 directories:</p> <p>Best Practices International Projects □□□□□ □□□□</p> <p>the first 2 directories are shown by the redmine file system repository but the third one not listed, also the files with the arabic characters not appear on the file system repository.</p>
