

## Redmine - Patch #3606

### Copy queries

2009-07-10 12:21 - Istvan DEMETER

<b>Status:</b>	New	<b>Start date:</b>	2009-07-10
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	UI	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Description</b>			
The patch intended to allow users to create custom queries using another query as template :)			
<b>Related issues:</b>			
Related to Redmine - Feature #3319: Copy/Duplicate a custom query/saved filter		New	2009-05-07
Has duplicate Redmine - Feature #5858: Ability to create a new custom query b...		Closed	2010-07-09

### History

#### #1 - 2009-07-10 12:23 - Istvan DEMETER

I forgot to set the right tracker. Please move this issue to Patch

#### #2 - 2009-07-11 01:05 - Mischa The Evil

- Tracker changed from Defect to Patch

#### #3 - 2009-07-11 01:07 - Mischa The Evil

Looks like a useable feature to me. Will try it out soon and report back my feedback... Thanks for sharing this...

Kind regards,

Mischa.

#### #4 - 2010-09-12 06:55 - Burt Culver

Can this be merged into the tree?

#### #5 - 2010-09-16 01:27 - Felix Schäfer

- Category set to UI

Slightly changed the patch to not need an extra action. The added 'duplicate' button basically pre-fills stuff in the new query form with attributes from the duplicated query. Commit here: <http://github.com/thegcat/redmine/commit/24c12b20a3cd7428be940bf927e3d347a5a17bc1>

#### #6 - 2010-09-23 17:26 - Eric Davis

Felix,

Can you add a test case or two for this new code? Thanks.

See the second commit in the branch here <http://github.com/thegcat/redmine/commit/d9d8af051c8432eedc30c739ef24efaeacc80d6c>, the whole branch is here <http://github.com/thegcat/redmine/commits/ro-3606>.

#### #8 - 2014-02-27 11:13 - Andreas Steinel

Any news on this topic?

I just need this feature and I'm surprised, that it has not been added yet.

#### #9 - 2014-04-24 23:42 - Svyatoslav Ida

Just use this plugin <https://bitbucket.org/svsool/query-duplicate-redmine-plugin>

**#10 - 2015-09-09 17:09 - Kevin Palm**

+1  
Should definitively be part of standard Redmine distribution

**#11 - 2016-04-11 18:39 - Alessandro Zucchi**

+1  
Should definitively be part of standard Redmine distribution

**#12 - 2016-05-31 12:10 - Or Adler**

+10  
When will this be released?

**#13 - 2016-06-16 10:05 - Jaap de Haan**

Already implemented: this can be already done by:

- selecting the query to copy
- perform changes (DO **NOT** click on Edit for this! just perform changes)
- Click on Apply
- Save

This way you get a new query based on the old one.

**#14 - 2016-09-02 14:01 - Maxim Krušina**

- Related to Feature #23739: Add ability to "Duplicate" / "Save as" custom queries added

**#15 - 2016-09-05 18:10 - Toshi MARUYAMA**

- Related to deleted (Feature #23739: Add ability to "Duplicate" / "Save as" custom queries)

**#16 - 2017-03-20 06:30 - Pete Davis**

Thank you - not sure why that was sooo not obvious. Seems I and others wrongly head down the Edit route
