

## Redmine - Defect #36150

### imap mail fetch validation failed: due date is blank

2021-11-06 19:36 - Ludwig Bayerlein

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Email receiving	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	4.1.5
<b>Resolution:</b>			
<b>Description</b>			
<p>I am using mail fetch with rake command. Its implemented like it is documented on redmine wiki</p> <p>This is our script we use:</p> <pre>#!/bin/bash  export PATH="/home/redmine/.rvm/gems/ruby-2.6.8/bin:/home/redmine/.rvm/gems/ruby-2.6.8@global/bin:/home/redmine/.rvm/rubies/ruby-2.6.8/bin:/home/redmine/.rvm/bin:/usr/local/bin:/bin:/usr/bin:/usr/local/sbin:/usr/sbin:/opt/puppetlabs/bin:/home/redmine/.local/bin:/home/redmine/bin:/home/redmine/.local/bin:/home/redmine/bin" export GEM_HOME="/home/redmine/.rvm/gems/ruby-2.6.8" export GEM_PATH="/home/redmine/.rvm/gems/ruby-2.6.8:/home/redmine/.rvm/gems/ruby-2.6.8@global" export MY_RUBY_HOME="/home/redmine/.rvm/rubies/ruby-2.6.8" export IRBRC="/home/redmine/.rvm/rubies/ruby-2.6.8/.irbrc" export RUBY_VERSION='ruby-2.6.8'  cd /home/redmine/redmine ; rake -f /home/redmine/redmine/Rakefile redmine:email:receive_imap RAILS_ENV=production host=[MAILHOST] username=[USER] password=[PASS] tracker=support project=ticketqueue due_date=2021-11-06 no_permission_check=1 unknown_user=create allow_override=all no_account_notice=1 --trace</pre> <p>If you need more information, please tell me.</p> <p>Thank you very much</p> <p>The log tells me following:</p> <pre>Creating scope :system. Overwriting existing method Enumeration.system. Creating scope :sorted. Overwriting existing method Group.sorted. Creating scope :sorted. Overwriting existing method User.sorted. Creating scope :having_mail. Overwriting existing method User.having_mail. Creating scope :visible. Overwriting existing method Principal.visible. MailHandler: Validation failed: Due date cannot be blank</pre> <p>So I tried it with * due_date="2021-11-06" * due_date='2021-11-06' * due_date=2021-11-06</p> <p>Unfortunatly, without success. I do not know, where to search or how to find a way that works. Maybe you have an idea?</p>
