Category:	Text formatting		**Estimated time:**	0.00 hour
Target version:	5.0.2			
Resolution:	Fixed		**Affected version:**	5.0.0

Description

Using attachment:file_name notation in Redmine 5.0-stable and later does not work for attachments in other journals.
It worked until Redmine 4.2-stable.
Even in 5.0-stable, it is converted to a link in preview, but not after saving.
