

Redmine - Feature #37512

Activation email rejected by Gmail

2022-07-28 02:05 - Jeff H

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Accounts / authentication	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description I had to create a hotmail account to activate my redmine account. Redmine activation never came to gmail account. - Spam folder empty - all other folders empty - No filters or rejected emails or blocked email in google/gmail/settings.
