

Redmine - Defect #37764

Members without any role shouldn't be allowed

2022-10-11 20:00 - Pavel Rosický

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Duplicate		
Description 1/ go to a project settings 2/ add a new member (note that there's an error if the role isn't selected) 3/ so choose a role 4/ edit the member again and this time remove all his roles 5/ this works, but there should be an error instead this way you can create an invalid member that could lead to internal errors elsewhere xhr doesn't show validation errors at all https://github.com/redmine/redmine/blob/master/app/controllers/members_controller.rb#L93 member_roles are deleted even before actually saving the member https://github.com/redmine/redmine/blob/master/app/models/member.rb#L77 I think it's a bug Environment: Redmine version 5.0.3.stable Ruby version 3.0.2-p107 (2021-07-07) [x86_64-linux] Rails version 6.1.7 Environment production Database adapter Mysql2 Mailer queue ActiveJob::QueueAdapters::AsyncAdapter Mailer delivery smtp SCM: Subversion 1.10.4 Mercurial 4.8.2 Git 2.20.1 Filesystem Redmine plugins: no plugin installed
