Description

Hi

When trying to add a subtask, in English, we have the following buttons : Create, Create and follow, Create and add another.
In French, we have "Créer", "Create and follow" (sic.) and "Créer et continuer".

It seems that "Créer" has the "Create behavior", "Create and follow" has the "Create and follow" behavior and that "Créer et continuer" has the " Create and add another" behavior.

Also, on the Issues page, when right clicking on an issue, we can read "delete demande". It should be "Supprimer demande"

I think [#38544](#) fixed this issue.

I would be grateful if you could review the latest translation: [source:trunk/config/locales/fr.yml@22380](#)
