

Redmine - Defect #3846

issue edit accepts attachment even if the change is rejected because the issue has been updated by another user

2009-09-10 23:54 - Lucas Panjer

Status:	Closed	Start date:	2009-09-10
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description If you load an issue then begin editing it, while another user submits their edit. Then you submit your note and attachment, you receive an error message saying the issue has already been updated. Your note is not applied (this is correct), but your attachment is uploaded to the issue (this is incorrect).

Revision 2875 - 2009-09-12 11:59 - Jean-Philippe Lang

Fixed: issue attachments are saved even if the issue has been updated by another user (#3846).

History

#1 - 2009-09-12 06:26 - Eric Davis

- Category set to Issues
- Affected version (unused) set to devel

I can confirm this, I've seen it happen on busier systems.

#2 - 2009-09-12 11:56 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Fixed

Fixed in [r2875](#).
