This sequence of actions is configured for the development tracker, but the admin can still create a task in this tracker starting from any status, how can I remove this feature? then the sequence of actions proceeds correctly, in new trackers everything also happens correctly, the problem occurs in 4 trackers

History

#1 - 2023-10-23 04:34 - Mischa The Evil

- Affected version changed from 4.2.9 to 4.2.10

#2 - 2024-01-10 16:47 - vadim klochkov

solved by myself, I deleted old task sequences from mysql using the command

```
DELETE FROM members WHERE role_id = YOUR_ROLE_ID;
```

and then registered them again, now everything works correctly

#3 - 2024-01-11 06:59 - Marius BĂLTEANU

- Status changed from New to Closed

- Resolution set to Invalid
